

HELPFUL HOMEWORK HABITS

- Work out the best time for you to do your homework;
- Gather everything you need together before you start;
- Have a drink, preferably water. Research suggests that it may help you to think more clearly;
- Find a quiet, comfortable place away from anything that may distract you;
- Read and follow instructions carefully;
- Remember to give your work your best effort, as if you were in the classroom;
- Check through your work carefully;
- Make sure your completed homework is in your bag ready for handing in.
