An individual risk assessment will be done by the school for staff who are classed as CEV.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	All staff individual risk assessments should be reviewed and updated regularly.

## Pupils

Ref	Control Measure	Yes	No	N/A	Actions Taken Details / Further Information
06	<p>All <a href="#">Clinically Extremely Vulnerable</a> pupils should attend their education setting unless they are one of the very small number of children and young people under paediatric or other specialist care who have been advised by their GP or clinician not to attend.</p> <p>Parents must notify school of any child who may be registered as clinically extremely vulnerable.</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
07	<p>All pupils who have symptoms must not attend school until they can be tested. They are required to take a PCR test either visiting a test site or ordering one online. If test is negative, and they are well, the pupil can return to their school.</p> <p>If positive, they must follow the <a href="#">Stay at Home Guidance</a>.</p> <p>Children and young people aged under 18 years 6 months who usually attend an education or</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	

	childcare setting and who have been identified as a close contact with another pupil or member of the household who have tested positive, should continue to attend the setting as normal.				
<b>08</b>	Where a pupil is unable to attend their school because they are complying with clinical or public health advice, access to remote education will be provided. Schools should monitor engagement with this activity.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
<b>09</b>	It is no longer recommended that it is necessary to keep children in consistent groups ('bubbles').  Schools should make sure their outbreak management plans cover the possibility that in some local areas it may become necessary to reintroduce 'bubbles' for a temporary period, to reduce mixing between groups.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
<b>10</b>	Rapid testing using Lateral Flow Devices (LFD)s will support the return to education in September by helping to identify people who are asymptomatic;  <ul style="list-style-type: none"> <li>Primary school staff should complete twice weekly tests at home.</li> </ul>				The need for regular asymptomatic testing will be reviewed at the end of September.

## Social Distancing

Ref	Control Measure	Yes	No	N/A	Actions Taken Details / Further Information
11	Although social distancing is no longer a legal requirement for staff and pupils, Head Teachers still have a legal duty to ensure the health and safety of their staff.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<p>When there is an increase in local Covid-19 cases, considerations should be given to ensuring social distancing amongst staff- e.g;</p> <ul style="list-style-type: none"> <li>• Stagger the use and limit the occupancy of staff room and offices by employees and ensure staff maintain social distancing.</li> <li>• Ensure maximum occupancy of each room is calculated to ensure staff can maintain social distancing.</li> <li>• Car sharing should be avoided where possible</li> </ul>

<b>15</b>	Hand sanitisers will be available at all entrances to the school and throughout the school and will be regularly monitored and maintained.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
<b>16</b>	<p>All staff and pupils will be encouraged to regularly wash their hands with soap and water, or to sanitise their hands, especially upon arrival at school, prior to eating, following breaks and lunch time and any other time deemed necessary (for example, after coughing or sneezing).</p> <p>Pupils will be encouraged to wash or sanitise their hands if they change rooms. Where wash facilities do not exist in each classroom, additional sanitiser points will be available in each classroom and pupils must sanitise their hands on exiting or entering the room.</p> <p>In addition to the measures above, staff are also advised to wash their hands before and after handling any materials shared with pupils.</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Reminders will be issued to pupils by class teachers at the beginning of the academic year.
<b>17</b>	All staff and pupils are encouraged to cough / sneeze into tissues and dispose of these in appropriate waste disposal bins. (Catch it, Kill it, Bin it).				Reminders will be issued to pupils by class teachers at the beginning of the academic year.

	<p>The school will provide sufficient tissues for use by staff and pupils. Staff within classrooms are responsible for ensuring that there are adequate supplies of tissues in their rooms.</p> <p>Additional lidded bins and increased emptying / replacement are provided / in-place.</p>				
18	<p>Equipment that may need to be shared (laminators, guillotines, items of equipment used in the class that will be then used by someone else, etc.) should be cleaned and sanitised after use.</p> <p>Cleaning materials will be available throughout the school to allow cleaning of shared materials.</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Each classroom will be provided with cleaning resources
19	<p>All working areas within the building will be well-ventilated (Windows and Doors open) where safe and appropriate to do so and a comfortable teaching environment should be maintained by increasing the heating where necessary.</p> <p>Classroom windows should be open to allow natural ventilation (in cooler weather windows should be opened just enough to provide constant background ventilation and opened more fully during breaks to purge the air in the space) and if safe to do so, external opening doors may also be used.</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<p>Good ventilation can be achieved by a variety of measures including:</p> <ul style="list-style-type: none"> <li>mechanical ventilation systems – these should be adjusted to increase the ventilation rate wherever possible and checked to confirm that normal operation meets current guidance and that only fresh outside air is circulated. 	<p>Standalone air-conditioning units may be used as normal. Centralised ventilations system that removes and circulates air to different rooms must have the recirculation turned off and must use a fresh air supply.</p> <p>Where it is difficult to maintain a comfortable temperature, the school will consider allowing pupils to wear additional items of clothing in addition to the school's uniform.</p>			<ul style="list-style-type: none"> <li>• natural ventilation – opening windows (in cooler weather windows should be opened just enough to provide constant background ventilation and opened more fully during breaks to purge the air in the space). **Outbreak Management**

**Outbreak Management Plan (OMP) outlines how the school would operate if additional measures are recommended for your setting or the local area. The Director of Public Health, Public Health England Health Protection Teams or the Local Authority could recommend certain measures are re-introduced. This may happen to help manage outbreaks in schools, or if there is an “extremely high prevalence” of Covid-19 in the community and other measures have failed to reduce transmission, or as part of a package of measures “responding to a variant of concern”.**

**N.B- THE FOLLWING CONTROL MEASURES DO NOT NEED TO BE PUT INTO PLACE UNLESS RECOMMENDED BY THE DIRECTOR OF PUBLIC HEALTH, PHE HEALTH PROTECTION TEAMS OR THE LOCAL AUTHORITY.**
